

Certificate

The company

Grafički studio 5do12

CMP Savica Šanci 129, 10 000 Zagreb

has been successfully tested according to the certification requirements of

PSD ProcessStandard Digital

The certification comprised:

- Achieving a repeatable print output [Output process control].
- Process and material independent realization of defined printing aims.
- Realization of consistent print outs, across different workflow and RIP-solutions, based on complex PDF documents.
- Availability of adequate instruments and staff knowledge.

The detailed results of the audit as well as the ongoing monthly quality checks are accessably at the Fogra homepage.

The following representative system combinations have been tested:

| Reference | Printing System | Controller/RIP | Substrate | QS-Software | ISO 15311 Quality type |
|-----------|------------------|-----------------|------------------------|----------------------------|------------------------|
| FOGRA51 | Xerox Versant 80 | Fiery FS150 PRO | Garda Matt Art 250gsm | Fiery Color Profiler Suite | Side-by-Side Type A |
| FOGRA51 | Xerox Versant 80 | Fiery FS150 PRO | Garda Matt Art 170gsm | Fiery Color Profiler Suite | Side-by-Side Type A |
| FOGRA51 | Xerox Versant 80 | Fiery FS150 PRO | Garda Gloss Art 170gsm | Fiery Color Profiler Suite | Side-by-Side Type A |

This certificate is valid until 2023-02-01
